Circular No.PV.97
Circular No: PIA-170

Grant of passport facilities for Indonesia.

The Government of India have received reports that it is the practice with some of the Indian Immigrants to Indonesia to take with them by including them in their passports, young people over the age of 15. This is done by declaring such peop to be under 15. The object behind this is to avoid paying the deposit money which Immigration Authorities require to be paid in respect of each adult under the local Immigation Regulations In order to put a stop to this irregularity, applications for passport facilities for Indonesia, in which it is desired to in clude children, should be scrutinized more carefully so that no person who is actually over 15 years of age is included in his parents' or guardian's passport.
